AUTOMATIC KNIFE GRINDING MACHINE

Special Features:

- Most suitable for Grinding Knives & blades of Paper cutting machines, Plastic cutting machines, Metal cutting shears etc.
- Swiveling Table(Clamping Type) to grind the job at various angles (0 to 90 degree)
- ISI Certified Motors & Electrical Panel
- Smooth Inner Area for good cooling water drainage & easy cleaning
- Clamp Base & Electromagnetic Base
- Sizes Available 62" & 65"

AUTOMATIC PROGRAMMABLE STITCHING AND FOLDING MACHINE

Automatic Programmable Stitching and Folding Machine is designed especially for Notebook Copy Manufacturers to get the high Quality Stitching (Pinning) and Folding.

Automatic Stitching & Folding is done with Servo Controls with HMI Input Display with PLC Control.

High Quality Paper Sensors are used in this machine with Servo Stabilizer as a safety feature and long life of the Machine.

FEATURES:

- Machine is done with paper sensor.
- Servo Stabilizer is provided with Machine for safety reasons.
- High Speed Stitching Head.
- Noiseless & Oil Free Compressor is provided with the machine.
- Long Life cutting Edge Technology.
- Automatic Stitches Gap Adjustment.
- Notebook Sizes programs saving options.
- Low Sound & Oil Free Conveyor.
- Overall Operators Safety.
- Easy to Operate & comfortable operating.
